

SANTÉ awards™

Individual Grand Award Nominations

Grand Awards are bestowed to restaurants and individuals that demonstrate an extraordinary level of achievement for others to emulate. Those restaurants that achieve the highest combined score from the judges in the Regional Awards competitions in Culinary Hospitality, Wine Hospitality, and Spirits Hospitality receive Grand Awards.

Industry professionals play an important role in determining the Individual Grand Awards. Your nomination(s) for outstanding individual achievement among your peers will help us determine our Individual Grand Award winners. Thank you for your participation.
